Teresa Berger

THE 2025 BERAKAH

*A transoceanic traversing brought you to a place
to take root and flourish,
reaching across ecumenical borders,
guiding us to look more closely
at worship held in women's hands.
Our own hands are raised higher
as you lead us, in holy Wisdom,
from ancient manuscript to unprobed digital vastness.*

*With grateful prayers we bless you, God, for the gift of Teresa.
We bless you, we thank you, Teresa, for imparting your gifts to us.*
